CRITICISM OF NEW ERA MOVEMENT TO BE HEARD

Five Districts of Presbyterian Church Including Chillicothe Raise Protests.

Charge "Excessive, Needless And Destructive" Expense.

(By Associated Press) New York, May 15. — Criticism of the Presbyterian New Era Movement and the Inter-Church World Movement by the Presbyteries of Chillicothe, Ohio, Pittsburg, Seattle, St. Louis and Philadelphia, and a recommendation that the Presbyterian Church withdraw from the last named \$300,000,000 project, will be heard at the annual meeting of the Presbyterian General Assembly in Philadelphia next week, according to announcement here today by J. B. Wootan, publicity director for the church.

The Seattle Presbytery, in its strictures on the Inter-Church World Movement, he said, declares that "the expenditures of the Inter-Church World Movement are excessive, needless and destructive."

MASTER MIND UNDER ARREST IN NEW YORK

Man Back of Huge Bond Thefts Has Surrendered Self

(By Associated Press) New York, May 15.—Nicky Arnstein, master mind of New York's five million dollar bond plot, was arrested here today in the District Attorney's office when he appeared there with his wife, Fanny Brice, the actress.

Arnstein told reporters he had been in Pittsburgh all the time police have been looking for him. Arnstein made a dramatic entrance into the city and was not recognized until he gave himself up, despite the fact that every policeman and detective was under orders to arrest him. His picture with advertisements offering a reward for his arrest have appeared in newspapers all over the country.

According to his story he arrived at the Pennsylvania station and met his wife up town. They drove down town through a parade of several thousand policemen who failed to recognize him.

A score of detectives failed to recognize him when he entered the building to give himself up.

(By Associated Press.) London, May 15. — German communists are planning a new insurrection which may be attended by wholesale murders, according to a Berlin dispatch to the Exchange Telegraph Company quoting a statement by Herr Braese, a conservative member of the Reichstag.

The dispatch says Herr Von Braese has advised the ministry of defense that meetings of communists are being held regularly at Mecklenburg, and that the question of whether land owners alone should be put to death or whether their wives and children should meet a like fate is discussed. He maintains, it is said, that "there is no doubt Mecklenburg will be the scene of frightful slaughter."

AMOUNT OF INDEMNITY WILL SOON BE STATED

French and British Premiers Agree Time Has Come To Notify Germany of Actual Amount.

Belgium and France to Receive Pay Under Same Terms

(By Associated Press.) Hythe, England, May 15. —Germany is not to be left much longer in doubt as to the amount of indemnity which she will have to pay under the treaty of Versailles. It was decided at the conference here today between Premier Millerand of France and Premier Lloyd George that a definite sum should be named for Germany to pay.

Premier Millerand accepted the principle of naming an amount on condition that France should be conceded priority so that in effect she would have a first mortgage on the German indemnity and that part payment be made immediately.

Belgium, it was stated, will be placed on the same basis as France. The conference decided that the date of the Spa conference of the members of the supreme council with the German leaders should be held June 21 instead of May 25.

He will be turned over to federal authorities on a charge of using the mails to defraud.

TO TAKE VOTE ON RESOLUTION LATE SATURDAY

Four Democrats Expected To Vote With Republicans For Peace Measure.

President is Expected to Veto Measure and Pigeon Hole Document.

(By Associated Press) Washington, May 15.—A vote will be taken by the Senate at four o'clock this afternoon on the republican resolution designed to repeal the joint resolution which declared a state of war between the United States and Germany and Austria.

Opinion in Congress was that adoption of the peace resolution was certain, with subsequent veto by President Wilson regarded as equally inevitable.

At least four democrats are expected to vote with the republicans in favor of adoption, and Senator McCumber, republican, of North Dakota, probably will join the opposition.

While no intimation of President Wilson's plans have recently come from the White House, it was said in democratic circles in Congress he was not expected to return the treaty to the Senate with his veto message.

LOSES CONSCIOUSNESS IN FALL FROM CAR

When he attempted to step from a moving automobile on the road north of Bloomingburg while enroute to his home Thursday evening I. L. Evans, well known farmer of northern Fayette was rendered unconscious for the greater part of an hour by a sharp fall on his head and shoulders.

Mr. Evans heard a knocking in his motor and asked his son, who was driving to stop so that might investigate the trouble. He stepped from the machine while it was still moving, and was thrown forward on his head on the hard pike.

He was placed in the machine and taken back to Bloomingburg where medical attention was rendered and it was found that injuries were not of a permanent nature.

DAMAGE CAUSED BY HEAVY FROST

Early reports indicate that the freeze of Friday night caused considerable damage in Fayette county, although the extent will not be known for a day or two until its effect on the tender fruit and buds is known.

Some farmers declare that the freeze was sufficient to injure the fruit while others are of the opinion that the damage was not great.

Leaves on the trees and other tender vegetation plainly showed the effects of the white coat spread by the low temperature.

The mercury reached 34 degrees, or lower in some places, and a thin coating of ice was formed. The freeze was probably greater than that of Thursday night.

While frost on the 15th of May is somewhat out of the ordinary, snow nearly this late has fallen in recent years.

It is believed that the killing frosts of the spring are now a thing of the past.

WILLIAM ALLEN, 74 SUMMONED BY DEATH

Death came to William Allen, age 74, shortly after ten o'clock Friday night at the home of his son, Bert Allen, north of Jeffersonville.

Mr. Allen was a veteran of the Civil War and a member of the M. E. Church of Jeffersonville.

Funeral services will be held Monday afternoon at one o'clock at the M. E. Church in Jeffersonville with burial following in the South Charleston cemetery.

ORDER HIGHWAY FENCES SET BACK

The County Commissioners, after viewing the Waterloo and Mt. Sterling pike recently, where many fences have been encroaching on the county's property, decided to order all fences back so that a clear width of 50 feet, as originally provided for, will be used for highway purposes instead of being farmed and otherwise made use of by abutting property owners who had moved their fences into the road.

TEACHERS HIRED BY WAYNE BOARD

With the exception of two teachers in the corps of instructors of Wayne high school at Good Hope all teachers were hired by the Wayne township board of education at their meeting Friday night.

J. S. Kelsey, of Bath, Summit county, was elected to fill the position of superintendent to fill the vacancy left by P. G. Merenda, who was not an applicant. The other two vacancies still open are left by Miss Grace Post and Miss Waverly Fisher who were not applicants for their positions in the high school.

Grade teachers employed were Mrs. Florence Boyer, Mrs. Ruby Fountain, Miss Ethel Arnold and Miss Margaret Parrot. For the intermediate department at Cisco Miss Lorea Rutledge was elected.

All teachers are to receive uniform salaries of \$100 per month for the nine months term. Superintendent Kelsey was voted a salary of \$1700 for the term, an increase of \$200 over the salary paid last year.

An order for eight motor trucks which were to have been used in supplying the horse drawn vehicles used in hauling the children to school was cancelled. It is understood that inability to secure finances prompted the action.

GRAVEL PLACED READY FOR WORK

Preparation for resurfacing the streets of this city took on a more active aspect Saturday morning with the appearance of scores of loads of sand and gravel on the side to be used in cement patchwork. The materials was taken from the new pits just opened on the Persinger homestead on Dayton avenue and is of extra fine quality.

Real improvement work is ready to start at any time and the first of the week will probably see the big mixer in action on North Fayette street where the machine was placed in anticipation of spreading cement several weeks ago, when the task of obtaining gravel confronted the Andrews Asphalt Paving Company.

Business men along the streets affected are very anxious to see rapid work after a long delay.

Yes, You CAN Save a Bit Now--But You MIGHT Lose in the End

That's what wise veterinarians tell the farmer who asks them to use a cheap anti-hog-cholera serum on his hogs.
Nearly every article that has been standardized is worth just what it costs—and if a serum is cheap, there is usually a reason for it.
The reason so many veterinarians use and recommend

PITMAN-MOORE Anti-Hog-Cholera Serum

is because they know they can depend on it.
They know it has been tested to make sure it does not contain harmful bacteria that might cause abscesses to form—or introduce other diseases than cholera to your herd.
In a word they know it is safe as well as potent.

The Mexican Revolution

The leaders of the, apparently, successful revolution in Mexico promise a new and a square deal to all Mexicans and to all citizens of foreign nations.

The first pronouncement of policies promises much for the restoration of peace and order in long distracted Mexico and much for the rights of Americans and citizens of other nations holding heavy investments there at the present time and anxious to make new investments to develop the marvelous natural resources of Mexico and make its wealth available to the people of the world.

The world needs the resources of Mexico just as it needs the resources of Russia and whether humanity is to obtain those resources depends upon the restoration of order, the establishment of a permanent government for internal affairs and trade relations with foreign nations.

Carranza promised well, but his actions failed miserably to meet requirements or equal his promises. The result has been if not the most chaotic conditions, which Mexico has suffered during the last decade, disturbance at home and abroad extending over the longest period.

The better class of Mexicans have seen the fallacy of a hostile policy toward Americans and citizens of other nations, they have come to realize, at last, that Mexico must have the aid of foreign capital in order to properly develop and, perhaps, with the new regime, they will be able to control the irresponsible radicals, the outlaws and the bandits and to maintain a policy which will restore Mexico among the nations.

The May Cold Spell

Old timers are a unit in declaring that, always, between the 10th and 20th of May we have a cold spell and that is the last one. After May's cold spell is passed then we are sure that warm weather has come to stay.

Some of the more optimistic hoped that, as we have had so much cold weather, that May's usual "snap" would be omitted. Not so. May proved true to past records and on Thursday and Friday nights gave us frost and light freeze.

We all hope that later investigation will prove that the fruit crop has been spared and while we wait anxiously for the facts we can content ourselves that May's cold spell has been passed.

Debs Nominated

Assembling, in New York City on Thursday, the national convention of the Socialist party nominated, by acclamation (that means unanimously) Eugene V. Debs for president of the United States.

Debs, the nominee, is now serving a ten-year term in the Atlanta, Georgia, penitentiary for violation of the espionage act. In other words Debs has, after a fair and impartial trial by a jury of his peers, protected by all the constitutional guarantees, been found guilty of the commission of crime which amounts to treason—which is treason in that the acts which formed the basis of his conviction were overt acts against the government, interference with its work in time of war—seeking to destroy the government by undermining it, bringing its efforts for self defense to naught by preaching, teaching and practicing open disobedience to the laws of the land.

The Socialist party has nominated Debs—convict No. 2253—for president of the nation. By so doing the party asserts openly that Debs best typifies the principles in which the members believe and Debs stands for treason.

This open declaration by the Socialists of belief in treason and the assertion of their allegiance to a convicted and imprisoned traitor would seem to be an effective silencer on those idealists who pointed out the injustice of the refusal of the New York Assembly to allow five elected Socialist members to assume their places and expelled them.

While the line which divides freedom and treason may be dim in some instances, it is not difficult now, in view of Thursday's work, to determine on which side of the line the Socialist party stands and those people who still insist that individuals who believe in treason are fit to sit in the council of the nation are just a little shy on appreciation of nature's first law—self preservation.

POETRY FOR TODAY

EXILE

I have made grief a gorgeous queenly thing,
And worn my melancholy with an air.
My tears were big as stars to deck my hair,
My silence stunning as a sapphire ring.
Oh, more than any light the dark could fling
A glamour over me to make me rare,
Better than any color I could wear.
The pearly grandeur that the shadows bring,
What is there left to joy for such as I?
What throne can dawn upraise for me who found
The dusk so royal and so rich a one?
Laughter will whirl and whistle on the sky—
Far from his riot I shall stand uncrowned,
Disrobed, bereft, an outcast in the sun.

DESERTER LIVED IN CAVE TWO YEARS

(By Associated Press)
Chillicothe, O., May 14.—After nearly two years of hiding in the caves in Hocking Valley near Adelphi, Ohio, in the fear that he would face a firing squad if discovered Carl Amerine, 24 a deserter from the 84th division late yesterday gave himself up to military authority it became known today.

Amerine, attired in a tattered uniform, the one he wore when he left Camp Sherman and unkempt from long months spent in the hills expressed relief to authorities that his worries were over.
Amerine, who had been drafted in 1918 left camp in August of that year to pay a visit to his wife and infant baby near Adelphi, he said. He overstayed his leave. His wife fearing he would be shot, persuaded him to go into hills. There he lived in the caves until yesterday when a friend of the family learned of his whereabouts and persuaded his wife to give her consent to his surrender.

During the time he was in hiding his wife furnished food to him daily.

ACCUSES SIMS OF ROBBING U. S. DESTROYER CREWS

(By Associated Press)
Washington, May 14.—Rear Admiral Sims robbed American destroyer crews of credit due them by leaving the investigating of combats with submarines to the British Admiralty, Secretary Daniels today told the Senate Investigating Committee. Had he known that American officers were not reviewing the circumstances of battle between American vessels and U-boats he would have promptly ordered the Admiral to adopt that course, the Secretary said.

ANOTHER UMPIRE FOR SUNDAY GAME

Although the season is still young a new umpire has been called to officiate at Sunday's game between the Athletics and the Potters Tramps and this time William Turner, who backstopped last year for the local team, will call strikes and balls and the decisions. M. C. Myers, who has been judge of play for the first three games has decided that basket ball refereeing is more to his liking than standing before a hoarse and maddened mob of rabid fans.

Whether Bill will meet with the same treatment that is accorded almost every ump on the local lot will be tested this week end.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The nine teachers of Old Central building have greatly enjoyed, during the past season a trio of social affairs at which they filled the role of hostesses in groups of three. The last of the three was a dinner Thursday night at the home of Mrs. C. H. Moore, with Mrs. Moore, Misses Goldie Baughn and Lizzie Ellen Green entertaining with lavish hospitality.

The dinner was a very elaborate affair of four courses, at which were seated the hostesses Miss Louise Habegger, Musical Director of the Schools, and a special guest, and the other teachers of the same building. Misses Anna Bell, Emily Palmer, Edyth Blackburn, Mina French, Lena Taylor, Lillian Taylor.

Lavender and white were the colors beautifully effective and artistically arranged in decoration. The central decoration of the pretty table was an immense mound built up of white lilacs, upon a base of violets and at each corner were corsage bouquets of pansies, violets and lilies of the valley. The place cards were quite unusual and very clever bearing no names but each teacher so happily suggested that the guests found their places readily. The cards were the work of two little artist pupils, James Lipsett and James Moss, and were greatly admired.

Following the delightful dinner hour there was no less delightful evening with games and contests in which prizes were awarded.

Among the smaller social affairs of the week was a four table bridge at which Mrs. Roy Brown charmingly filled the role of hostess.

Pink and white sweet peas, arranged in baskets in the library and dining room and in cut glass vases on the card tables, were lovely in decoration.

The cordial hospitality of the afternoon was completed in the serving of a most tempting collation. Mrs. Eliza Waddell assisting.

Fannie Hurst's husband says solicitude and sympathy for him are wasted—that he likes the unconventional domestic policy adopted by his wife and himself.

In a recent interview obtained by the New York Sun, Mr. Danielson—perhaps better known as Fannie Hurst's husband—asserts that their plan is admirable in every respect and that their two establishments are more economical than the cost of a combined residence. He says, "I'm grateful to the uplift ladies but, like the small boy under the patronage of the well meaning old lady, I wiggle."

"The gracious woman barrister who commiserated my possible state of forlorn neglect upon the occasion of

of ill health etc., need feel no concern. During one or two illnesses that have occurred I have felt no lack of wifely interest.

"As a matter of fact, Miss Hurst probably spends more time in her home than the average woman. She is at her desk six hours a day. She entertains friends at her own table three or four times a week; spends as many as three or four months a year with her parents in St. Louis.

"We are both workers and must devote long evenings to study and reading and practice, so, all in all, I hardly think we can be classified as a pair that has thrown off the responsibilities of the usual marriage ties in order that we may play promiscuously."

"Rather, as it has worked itself out, we have thrown off the rusty shackles of some of the outworn matrimonial impositions, that we may have more liberty to live up to more of the responsibilities of our lives and our work."

It is very evident that Mr. Danielson resents the flood of criticism which has followed the recent publicity given to the unconventional idea of marriage entertained by himself and wife.

A gift of \$500,000 to the endowment fund of the Y. W. C. A. has recently been announced. This gift is a memorial to Laura Spelman Rockefeller, in whose name, also Mr. Rockefeller recently gave \$200,000 for the purchase of a building in New York City to be remodelled into a hotel for employed girls. This \$500,000 goes toward the \$10,000,000 endowment fund which the Y. W. C. A. voted, at its National Convention late in April, to complete in the next five years. The present fund is \$2,100,000.

DEATH CLAIMS
ELMER B. HUKILL

Word reached relatives in this city Saturday afternoon of the death in Columbus at 11:00 a. m. Saturday, of Mr. Elmer B. Hukill, formerly of this city, and who moved to Columbus a few years ago where he had since been engaged in the real estate business.

Mr. Hukill had been ill for some weeks, having suffered a stroke of apoplexy, and during the intervening weeks his condition had been gradually becoming more critical.

Mr. Hukill was a large realty holder of the county and made frequent trips back to this city to look after his business interests.

Besides the widow and four children, Harold, Genevieve, Orville and Loren, two sisters, Mrs. V. J. Dahl of this city, and Mrs. W. A. Tysor, of Gallatin, Tenn., survive. Mrs. Dahl was at her brother's bedside when death came.

The body will be brought to this city Tuesday and funeral services will be held from Grace M. E. Church at two o'clock Tuesday afternoon. Burial will be made in the Washington cemetery.

EAST SIDE SCHOOL
SCORES SUCCESS

Adding more than \$250 to the fund for the school playground equipment the bazaar and entertainment given at East Side School Friday evening by the fourth and fifth grades was a decided success. An unusually large crowd filled the building patronizing the different stunts and booths prepared by the children. Miss Gladys Nelson, Miss Faye Jobe and Mrs. Newton Stuckey, teachers of the two grades, were assisted by the other teachers of the building in the management of the affair.

The upstairs rooms were transformed into a tea room and toy shop with a fish pond and fortune telling booth. Mrs. Stuckey in charge of the tea room directed the serving of sandwiches, cakes, pies, ice cream and coffee in a bower of lattice work twined with lilacs and lighted with Japanese lanterns. The children, dressed in white served.

In the toy shop in charge of Miss Miss Phyllis Davis, miniature toys, parlor seats, wagons and numerous other articles which the children had made were offered for sale. Homemade candies, cakes, pop-corn balls and ice cream cones were on sale at a booth effectively decorated with yellow tulips and blue birds. The sale was conducted by Miss Dora Mae Stewart.

The entertainment in the auditorium presented the little playlet, "Magic Curtain" in which the children played their roles exceptionally well. The plot centered around a little girl Mary Evans, played by Dorothy Stewart, who took a trip into Dreamland back to the time of her great-great-grandmother. Here she became acquainted with the Colonial children and when she found all the work and trials of their day, she decided to be contented with her own modern lot. Lucille Blakeman took the part of the mother of Mary Evans; Elizabeth Burnett the role of the great-great-grandmother; and Edwin Sollars that of the great-great-grandfather.

A "Sunflower Dance" by the fourth grade girls was warmly applauded. And the boys in gingham aprons and carrying tin pans came in for their share of the honors by giving a "Tinker's Song." The "Bear Dance" with Loren Comb, the owner of the lot, and a grizzly, polar and cinnamon with "Bumpo" was new and clever and was a fitting close to the evening's program.

FINISH EXCAVATION
FOR BIG SEWER

The large force of men engaged in constructing the East Court street sewer completed the excavation Saturday morning and the work of laying the drain was started immediately. The tile are covered as placed and the yawning chasm in the Main street of the city will be entirely filled by Tuesday if rain does not interfere, it is said by City Engineer Jacobs.

The sewer connected with the North street drainage system and is being laid at a depth of more than ten feet.

PROPERTY IS SOLD

The transaction was made Friday whereby Miss Corda McCafferty sold her property on South Hinde street to Mr. and Mrs. James D. Lee, who recently sold their home on Elm street to W. W. Wilson. Hitchcock & Dalbey negotiated the sale.

BRITAIN OFFERS
ALL-WOOL SUITS
TO SELL AT \$38

New York, May 15.—England is ready to sell American merchants men's clothing, all wool, that can be retailed at a 20 per cent profit, at prices little more than those now being asked by who salers here according to J. C. Shannon, member of a London manufacturing concern, who arrived Thursday. "We can produce suits, transport them to America, pay the duty and sell them to the retailer for \$32 each," Mr. Shannon asserted. "The same quality suits are now selling here for \$60 to \$80. Ours could be retailed at \$38.40 and yield a 20 per cent profit."

STREET BEGGING
IS PROHIBITED

Street begging, which has been so common in this city for several years has been prohibited in Columbus, even the "Christian Army" being warned that further solicitation of alms will bring down arrest and prosecution on the head of the offender.

Regarding the determination to break up the practice in Columbus, the State Journal says:

"Passing on the case of Moses Simpson, American Christian Army worker, Municipal Judge Seidel Friday declared begging on the streets must stop. A police order to arrest blind musicians, cripples and other seeking alms, either by direct begging or selling wares or singing, was handed down immediately after Simpson's \$50 fine was suspended."

LYNN MATHEWS GOES
TO CEDAR RAPIDS

Professional baseball has again claimed Lynn Mathews from the semi-pro lots and the flashy outfielder and hitter who made a name for himself in the south, has left his home in Jeffersonville for Cedar Rapids, Iowa, where he joined the Cedar Rapids team of the Three I League.

Mathews played three games with the Washington Athletics since he received his discharge from the radio service in the Philippines and showed such a return to form in the games that he was readily signed by the Cedar Rapids team. Always a fast and brainy player Mathews is followed by the support of all baseball fans of Fayette Co. to Cedar Rapids where he will doubtless make a name for himself.

HOSPITAL NOTES

Fred Tracy, son of Mr. and Mrs. Eli Tracy of Elm street, who has been in the Hodson Hospital for several weeks suffering from a broken left hip which he received on the Sunnyside school grounds, was removed to his home Saturday afternoon.

THE TRAMP OF
PERSHING'S MEN

In the Victory Parade sounded more than a triumph. The beat of those victorious feet on the streets of New York told all men that agreements between nations were sacred—that the right of property was secure. Those marching soldiers signified SECURITY for America and greater opportunity to every investor.

The ruin of war has made us see more clearly THE SUPREMACY OF THE GROUND ITSELF AS THE FUNDAMENTAL SOURCE OF ALL WEALTH.

In Belgium the genius for destruction wrought havoc with the things men had builded, BUT IT WAS POWERLESS TO SERIOUSLY DAMAGE THE FERTILE LAND. A few months after the fury of war had passed, fresh grain was growing upon the battle fields, and the lowing of cattle sounded where giant guns had thundered.

So we see that the safest of all investments is that which has for its security rich ground productive for the needs of mankind by careful toil.

It will be very much to your advantage to investigate THE FARM MORTGAGE COMPANY OF OHIO. This company uses its capital EXCLUSIVELY for mortgage loans on improved producing farm property. An investment in FARM MORTGAGE stock combines SECURITY, STRENGTH and SERVICE with large money-making possibilities. Because of rapid turnovers of capital and compounding of interest charges and fees, NET EARNINGS OF FROM 15 percent to 25 percent PER ANNUM ARE ASSURED. You are invited to write, telephone or call at our office for an interesting circular about FARM MORTGAGE stock.

THE PUBLIC MUST HAVE
A SQUARE DEAL

Yes, that's a fact, the public MUST have a square deal, and the public is going to see to it that it gets a square deal. There are many indications of it.

At present there is a tremendous demand over the state for some uniform standard for dairy milk. The public is awakening to the fact that there should be some method of compelling observation of health laws, if not state and municipal regulations.

We approve the demand. The public is entitled to know what to expect from a dairyman, and demand that they get what they should have. In matters of health we all know too much care cannot be exercised. There are too many infant lives depending on this source of food for the public to sit idly by.

OLD CHURCH SITE SOLD TO NEW OWNERS

Second Baptist Church Lot On N. North Street Purchased by Werter Shoop.

New Church Home to be Built on East Paint Street Immediately.

There was filed in the office of the County Recorder, on Saturday morning a deed which transfers the title to a splendid piece of property in one of the best residential sections of the city. The deed is from the Second Baptist Church Society to Mr. Werter Shoop for the old church property on North street directly opposite from the high school building. The lot is 82½ feet front on North street and about 100 feet in depth.

For a great many years the negro Baptist Church has stood upon the lot. At present the church society is housed in a very old brick structure which was erected in 1883 according to the corner stone of the edifice.

The lot was originally deeded by a man by the name of Lewis to the African Baptist and Anti-Slavery Society of which organization the present church society is the successor.

The first church structure erected on the lot was of board and logs and was built in the very early fifties. One or two members of the original society are still living in Washington and members of the present organization participating in the sale of the property.

The present old church building and its predecessor have housed many notable gatherings and much of importance to the race, here and elsewhere in the nation, during the stirring time preceding and following the civil war, has occurred within the confines of their walls. Many notable men have come to talk to an audience with their brethren during times of struggle for religious and political freedom.

But times have changed and with the changed conditions have come new problems. Centers of population have shifted here, as elsewhere, the need of change of the old church home has manifested itself for some time to the leaders of the society. The property had become too valuable to be held as church property and the location was no longer convenient to members of the congregation and a new site was selected and the historic old site passes into the possession of new owners to be subjected to new uses.

The church society has purchased a lot on East Paint street and will, as soon as possible, begin the work of erecting a new church home, more modern, more adaptable to needs of the organization and more accessible in location to the members.

Mr. Shoop has not yet determined just what kind of a structure he will erect on the newly purchased lot or when he will begin the work of building, much depending on possession of the church society being all well, time to remove the present church edifice. Mr. Shoop, states however that, or course, it is his intention to erect residence property.

The chance means a considerable property improvement for the city and a benefit to all parties concerned in the transaction.

JEFFERSONVILLE SCHOOLS HOLD BIG EXHIBITION

Always one of the biggest days for the schools of Jeffersonville the School Exhibit Day held Friday was clearly above the standard of former years in the excellence of work shown and in the amount of work placed on display and hand made booklets, projects and parents and interested persons thronged the building in each department.

Downstairs, the children of the grades had decorated their rooms with their exhibits in all fashion of display and hand made booklets, problems in mathematics neatly solved and maps drawn to the finest scale by hand were among articles to be seen. Teachers had devoted no end of time to arranging the exhibits and credit for the splendid showing made by the primary and grammar grades was voiced on every hand.

While the grades had extended themselves in making their exhibits and high school classes were fully awake to their progress in their work and the showing made by the high school classes excited the admiration of all who saw it.

Mothers were especially interested in Domestic Science Department under Miss Jessie Spellman and the ex-

hibit of hand made dresses and recipes, cook books, and other things coming under the head of this department.

Manuals of the Physics class were on display in the laboratory and the work of the chemist was easily seen. Principal Bryce Bell has charge of the department.

Gay colors of the classes, the Blue and Gold of the Freshmen, the Cardinal and White of the Sophomores, the Old Rose and Gray of the Juniors and the Purple and Gold of the Seniors were attractive decorations.

SAYS "CHRISTIAN ARMY" LOOKS VERY MUCH LIKE FRAUD

Washington citizens who are frequently visited by representatives of the "Christian Army," an organization which is often mistaken for the "Salvation Army," will be interested in the following article from a recent issue of the State Journal:

"Officers of the Christian army, which is declared to be a charitable organization, airing a 'family' quarrel before Judge Ruth in municipal court yesterday, told so many secrets the judge refused to continue the case.

"Testimony disclosed that Major General Robert Simpson, who succeeded Colonel Agnes Roberts as commander of the Columbus branch, received half of the money he solicited. Some days he netted \$20 he said.

"Simpson, acting for the army, sought to obtain possession of the organization's furniture held by Colonel Roberts, who had been demoted and suspended for 'violating the constitution.' She contended back salary was due her and was holding the property in lieu of it.

Judge Ruth declared 'the whole thing looks like a fraud and I can't believe any of you.'

Lowe's

Isn't it true that you would paint your floors oftener if you didn't have to keep the house upset so long waiting for the paint to dry?

Wouldn't you do it oftener if you could paint one half of the floor one day, then move the furniture over from the other half and paint that the next day?

Well, that's just what you can do with Lowe's Hard Drying Floor Paint. This fact, together with the way it stands wear and tear is the reason it is used so much on restaurant floors and ship decks.

Come in and ask for descriptive literature.

Chillicothe Again Normal After Prospering From Big Cantonment.

(By Associated Press.)

Camp Sherman, Chillicothe, Ohio, May 15.—If one ever visited a summer resort in the dead of winter, one can appreciate the desolate appearance of Camp Sherman since the exodus of soldiers. It is doubtful if there is a more deserted appearing site in Ohio than Camp Sherman.

Two years ago it had a population of more than 55,000. Today its population is less than 1200.

When the camp was booming, military police acted as traffic officers at all road crossings. Today the road

OF INTEREST TO WOMEN

This is a Short Letter, but it Brings a Message of Importance to every Woman.

Woodford, Vt.—"I took Lydia E. Pinkham's Vegetable Compound and Liver Pills before my child was born and it did wonderful work for me. My baby weighed eight and one-half pounds when born and I did not suffer many pains. You can publish this letter if you wish for I would not be without your medicine before child birth."

—Mrs. JOHN LINT, 6111, Woodford, Vt.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful in overcoming women's ills is because it contains the tonic, strengthening properties of good old-fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read, and answered by women only.

traffic is so light that children of camp officers play in the highways in perfect safety.

The hundreds of barracks which were inadequate to house the thousands of soldiers two years ago are all but deserted now. Less than a score are occupied. There are so few soldiers in camp that it is not possible to patrol the camp streets as formerly.

Though the camp is practically deserted, it still retains one characteristic of the war days. That is the everlasting round of rumor. Every officer and soldier, it seems, has some "inside information" as to the disposition of Camp Sherman. Some have it "authoritatively" that orders are to be received "next week" for the dismantling of the camp. Others have it that Camp Sherman is to be made the general training camp for the middle west, while still others say that all soldiers in camp are to be transferred and that the camp is to be fenced in and watched by a civilian caretaker. These rumors grow on being retold. As soon as they have made the rounds and the "inside information" becomes common property a new set of rumors are set afloat to take their place.

Chillicothe, which prospered when the camp boomed, has recovered from the war business, and is again on a normal basis. It was not so long ago that lodging in Chillicothe could not be had for love nor money unless reservations had been made weeks in advance. It's no longer true. Hotel proprietors greet every visitor with a smile now.

SENIORS VICTOR 10-FRAME GAME

After battling three innings beyond the regular scheduled length of high school games a pitcher's duel between Fred Swartz, for the Seniors and Cy Willison, hurling for a combined team of Freshmen and Sophomores, was ended in the tenth frame when Fabb singled sharply over second and Ted Merritt romped home with the winning run that made the super-class men victors, 9 to 8.

Both pitchers hurled unbeatable ball and the scores were largely the result of errors in the field. Loosely played until the fifth the score tied in that period and from then on, inning after inning, neither team was able to score.

During the scoreless frames sensational support brought some flashy featers to the contest. Bob Cockerill caught one a la Roushe in left field when he went to fence and picked one out of the atmosphere that was speeding off the hard swung bat of "Red" Dern. The catch easily saved a three bagger.

Heavy hitting in the first inning predominated with a three base swat and two second sackers by third baseman Weaver, a triple and a clean hit for two bases by Turnipseed.

Interest in high baseball is probably greater than ever before and with the teams rounding into form the loosely played games at the first of the season has disappeared. Another fast game is predicted for Monday with the Seniors and Juniors tangling at Sunnyside Park in the mid-season contest. Jones, of no-hit fame is scheduled to work for the Juniors while either Merritt, a left hander or Swartz will pitch for the Senior aggregation.

Lineups: Seniors—Reif, c; Swartz, p; Merritt, 1b; Geiger, 2b; Geibhaus, ss; Weaver, 3b; Cockerill, lf; Stewart and Fabb, cf; Cheesman, rf.

Juniors—Turnipseed, c; Willison, p; Hitchcock, 1b; Stewart, 2b; Dern, ss; Woods, 3b; Browning, cf; Miller, lf; Baker, rf.
